§ 12350. Limitations on Reopening Closed Cardrooms; Issuance of Gambling Licenses.

- (a) Any gambling establishment with a licensed owner as of December 31, 1999, which has subsequently closed or ceased operation, or that had an owner with a license application on file with the department prior to September 1, 2000, may be reopened by any person pursuant to the requirements of this section and the Gambling Control Act.
- (b) Prior to submitting an application for an initial state gambling license to operate a closed cardroom that meets the requirements of subsection (a), the applicant must obtain approval to reopen the cardroom from the applicable city council or board of supervisors in the form of a formal resolution. - 3 (3) A statement, signed by the applicant, acknowledging a willingness to be
4 bound by the conditions included in subsections (e), (f), and (g).
- 5 (e) No temporary licenses shall be issued to applicants under this section.
- 6 (f) The cardroom to be reopened must be located in the same local jurisdiction in which
7 it was previously located.
- 8 (g)(1) The applicant shall pay for a certified public accounting firm to conduct the
